Overseas Students Application Guide  
Management of Technology Major  
Master's Program  
Graduate School of Science and Engineering  
(Engineering)  
Yamagata University  
October Admission, 2010

1. Category of Admission

This guide shows the schedules and procedures of Master's Program of October Admission in 2010, majoring Management of Technology, Graduate School of Science and Engineering, Yamagata University.

2. Admission Capacity (Overseas Student Selection)

Major	Accepted Numbers
Management of Technology	Limited Number

Notes: • Students accepted are limited as overseas students' selection.  
• The lectures in the School are given mainly in Japanese.

3. Eligibility of Applicants

Overseas students are defined as applicants whose nationality is other than Japanese and they should fall into either (1) or (2) below. And those who have no nationality and graduated from the university in Japan (including those who are expected to graduate by September, 2010) will not be considered as overseas applicants.

- (1) Those who fall into the GPA standard below, or those who are recommended by the representative of the enterprise applicants belong to and they must fall into one of the categories ①, ② and ③ below.
- ① Have completed or be expected to complete by September, 2010, 16 years of schooling in a foreign country.
  - ② Have studied a correspondence course of a foreign school in Japan and completed 16 years school education of their countries or are expected to complete it by September, 2010.
  - ③ Have completed the course in Japan that is designated by the Minister of Education, Culture, Sports, Science and Technology of Japan as the course of university in foreign countries or those who are expected to complete it by September, 2010.
- (2) Those who obtain the recommendation of the representatives of the enterprise they belong to, and those who are recognized by the Graduate School as having scholastic aptitude equal to that of a university graduate through an individual inspection on the admission qualification.

### 【 GPA Standard 】

As for the standard of school records, the coefficient of them should be over 2.1 for the latest two years. The calculation for it depends on the following.

<Table of calculating the coefficient>

Section of Evaluation	Evaluation of Records				
4 Stages		Excellent(優)	Fair(良)	Good(可)	Fail(不可)
4 Stages		A	B	C	F
4 Stages		100～80	79～70	69～60	59～
5 Stages	S	A	B	C	F
5 Stages	A	B	C	D	F
5 Stages	100～90	89～80	79～70	69～60	59～
<b>Evaluation point</b>	3	3	2	1	0

(Calculation)

$$GPA = \frac{\{(C.E.P.^* 3) \times 3\} + \{(C.E.P.^* 2) \times 2\} + \{(C.E.P.^* 1) \times 1\} + \{(C.E.P.^* 0) \times 0\}}{\text{Total registered credits}}$$

\*C.E.P.= Credits of Evaluation Point

## 4 Preliminary Screening for Application

Persons who wish to apply under (2) above are subject to a pre-application screening prior to the entrance examination to confirm their eligibility. Such persons are required to submit the Form of Confirmation of Eligibility, the Graduate Certificate from the last school that they graduated from and the Academic Transcript prepared and sealed by the head of the last school to the Admission Office, Faculty of Engineering during the application period specified below without fail. Prospective applicants who have research and other achievements should also submit the copies of research papers et al. Those who are recognized to possess an academic ability that is equal to the university graduate can apply for the school.

### 【Note】 How to obtain the eligibility under (2)

Persons who have not received a bachelor's degree from a Japanese University, including those who have graduated from a technical college, a junior college, a vocational school, a Japanese branch of a foreign university, a Japan-based school of students should have an individual screening for preliminary confirmation by the Graduate School.

Submission period of eligibility screening documents	Notification of results
Thursday, May 27, 2010 to Monday, May 31, 2010	Friday, June 4, 2010

## 5 Application Period

Tuesday, June 8, 2010 to Monday, June 14, 2010 (Except Saturday, Sunday and Holidays)

Application documents should be submitted 9:00 to 16:30. By mail, they should arrive at the admission Office no later than Monday, July 14.

## 6 Application Procedures

Applicants should prepare all the required documents and submit them to the Admission Office of the Faculty of Engineering during the application period. In the case of mail, send them by registered mail and write “Enclosed: Application Form, Master’s program, the Graduate school of Science and Engineering” in red on the front of the envelope.

Address: Admission Office, Faculty of Engineering  
Yamagata University  
4-3-16, Jonan, Yonezawa, Yamagata

### 【Application documents】

Application Form Admission Ticket Admission Ticket with a photo	Complete each in Japanese. A front-on headshot photograph of applicant (4×3 cm, head uncovered) taken within the last three months should be attached in the designated space.

(Application documents submitted are available only for entrance examination and they will not be returned)

## 7 Selection Procedures

① The first selection (Documentary Screening)

In the case of an applicants who are given the recommendation by the president, the dean, the course head or the instructor of the university he belongs to.

The selection is given comprehensively, screening the recommendation letter, the planning of study or research, the statement for the major and the Japanese Language Proficiency Test (only for 3<sup>rd</sup> and above level certificate) .

In the case of an applicants who are recommended by the representative of the enterprise they belong to and who obtain the screening admission requirement.

The selection is given comprehensively, screening the recommendation letter, the planning of study or research, the statement for the major and the Japanese Language Proficiency Test (only for 3<sup>rd</sup> and above level certificate) , the personal evaluation and applicants working career.

② The second selection (Interview)

The selection is given at the Faculty of Engineering, Yamagata University and in the county where a overseas applicants live. (But in the case of hard condition for this interview, TV system meeting will be given by way of the Internet.)

※ In the case of those who don't submit the certificate of more than 3<sup>rd</sup> level Japanese Language Proficiency Test, the proficiency for the Language will be screened at this interview.

The location and period of the second selection

Location ・ country	Location of the second selection	Period of interview, date
【Domestic】 Yonezawa, Yamagata JAPAN	Faculty of Engineering, Yamagata University	Thursday, July 8, 2010
【Overseas】 In the country where applicants live		Monday, June 28, 2010 to Saturday, July, 10, 2010

※ In the detail of the date et al. will be informed at the announcement of the result of the first selection.

## 8 Announcement of Successful Applicants

The result of the first and the second selection is announced only by the applicants' number and on the bulletin board of Faculty of Engineering, Yamagata University and on the Home page of the University (<http://www.yz.yamagata-u.ac.jp/>) and later it is sent by the letter. (No inquiry for success or failure.)

Announcement of the first selection successful applicants	Friday, June 18, 2010 at 11:00 a.m. (expected)
Announcement of the second selection successful applicants	Thursday, July 15, 2010 at 11:00 a.m. (expected)

## 9 Admission Procedure

Admission procedures are the following.

(1) The period of the admission

Wednesday, July 21, 2010 to Friday, July 30, 2010 (Except Saturday and Sunday)

The acceptance hour is 9:00 a.m. to 16:30 p.m.

(2) Admission fee

The fee should be paid during the admission procedure period.

- Admission fee 282,000 yen

(3) The documents to be submitted

The detail information will be sent with the admission guide.

(4) Notice

Even if the admission procedure is completed and is cancelled by Thursday, September 30, 2010, the admission fee is not refunded.

## 10 Tuition

Tuition should be paid after the enrollment.

- Tuition 535,800 yen per a year (expected)

- (Notices)
- 1 The tuition fee above has not been finalized and is subject to change.
  - 2 In the event that the tuition fee is changed, the new tuition will become effective immediately.
  - 3 The detail of the tuition will be provided with enrollment guide to be sent to successful applicants.

## 11 How to obtain the admission guide and related materials

Send the inquiry to:

Admission Office, Faculty of Engineering, Yamagata University  
4-3-16, Jonan, Yonezawa, Yamagata  
992-8510 JAPAN

- 1 On the front of the envelope, write “Request for Admission Guide of Management of Technology, Major, Master’s Program, the Graduate School of Science and Engineering(Engineering)” in red.
- 2 On the back of envelope, write the name, the address and the postal code.

- 3 Enclose a self-addressed, stamped envelope (33 cm×24 cm, No.2) with the name, the address and the postal code.
- 4 Make sure to affix sufficient postage. The required postage is 240 yen (510 yen for express mail) .
- 5 In the case of the request from abroad, enquire by the mail below.

Admission Office, Faculty of Engineering : kounyu@jm.kj.yamagata-u.ac.jp

## 12 Extended study program

In the case of inconvenient circumstances of working in which students are engaging, the program is planned to study 2 years standard curriculum longer than stipulated after the specified planning. The detail information for this program can be referred to the School Affairs Office Faculty of Engineering, Yamagata University.

## 13 Scholarships

For those who want to obtain the jobs in Yamagata Prefecture or in the Tohoku district of this country, the original scholarship sponsored by MITRAI Course of Management and Technology, Major will be given after enrollment by the screening. (about 50,000 yen per a month) The decision for this scholarship will be done at the second selection announcement.

The excellent students have more advantageous chance to be able to apply for Japanese Ministry of Education and Technology scholarship and other ones during the enrollment.

## 14 Overview of Management of Technology

### ( 1 ) Section of the major

This major course is composed of the former 2 years Master's program and the latter 3 years Doctoral program.

### ( 2 ) Staff of the major
